CAROL A. CÁCERES
B.S. and M.S. Universidad de Santiago de Chile
E-mail: acacere4@villanova.edu

PERSONAL DATA

Chilean Citizen
Marital status: single
Date of birth: August 26, 1987

RESERCH AREAS

Electronic cooling technologies
Fluids mechanics and heat transfer Analysis of electronic cooling devices.
Computational fluid dynamics and heat transfer.

RESEARCH CONTRIBUTIONS

Experimental test of combustion gases and particulate material from domestic wood stoves with the Chilean standard Nch3173.

Numerical characterization of liquid droplet on heated surfaces

EDUCATION

B.S. in Mechanical Engineering, Universidad de Santiago de Chile, 2011

M.S. in Mechanical Engineering Candidate, Universidad de Santiago de Chile 2013

PROFESIONAL EXPERIENCE

2013-2014	Teaching Assistant Fluid Mechanics course, Universidad Diego Portales
2011-2014	Research Assistant Thermal Sciences Laboratory, Universidad Diego Portales Fondecyt 11121553
2011-2013	Teaching. Assistant Hydraulic Machines course, Universidad de Santiago de Chile.

2012	Research Assistant Fondef project Fondef D08I124, “Study and design of a postcombustor porous for the post combustion of primary gases from Wood”, Department of Mechanical Engineering, Universidad de Santiago de Chile.
January 2009/2008	Head of production processes Agrocomercial y Forestal Postes Ltda.

CONFERENCE PAPER

A. Díaz, **C. Cáceres**, A. Ortega, “Investigación numérica y experimental de sistemas de enfriamiento por impacto de gotas transportadas por gases,” XV Congreso de Ingeniería Mecánica, 29-30 Noviembre, 2012, La Serena, Chile.

C. Cáceres, A. Díaz, A. Ortega, A. Guzmán y C. García. “Estudio numérico de una gota transportada por un flujo de gas que impacta sobre una superficie caliente,” XII Jornadas de Mecánica Computacional, 3-4 de Octubre, 2013, Santiago, Chile.

C. Cáceres and A. Díaz, “Heat Transfer enhancement due to gas-assisted droplet impingiment,” 26th European conference Liquid atomization and Spray Systems, Bremen, Germany 8-10 September 2014.

LANGUAGES

Spanish and English

SOFTWARE

ANSYS-FLUENT, Matlab, Mathcad, Solidworks, FORTRAN, Tecplot 360, Maple, Lattice-Boltzmann
