

➤ EDUCATION

- 2010 **UNIVERSITY OF TEHRAN** Tehran, Iran
M.Sc. in Mechanical Engineering, Major: Energy Conversion
- 2007 **SHARIF UNIVERSITY OF TECHNOLOGY** Tehran, Iran
B.Sc. in Mechanical Engineering

➤ RESEARCH INTERESTS

- Phase change heat transfer
- boiling
- Computational Heat Transfer and Fluid Dynamics (CFD)

➤ THESES

M.S. Thesis: “Experimental Investigation on Boiling Flow Patterns Inside Plain and Microfin Tubes with Different Tube Inclinations”, Supervisor: Prof. M.A. Akhavan, 2010.

B.Sc. Thesis: “An Investigation on 3D Density Current”, Supervisors: Prof. B. Firoozabadi, 2007.

➤ PUBLICATIONS

- M.A. Akhavan, **V.D. Hatamipour**, “Visual study on flow patterns during convective boiling inside Vertical smooth and microfin tubes”, 7th International Conference on Multiphase Flow ICMF 2010, Tampa, FL USA, May 30-June 4, 2010.
- S.G. Mohseni, M.A. Akhavan-Behabadi, **V.D. Hatamipour**, “Convective Boiling Flow Patterns in Horizontal Smooth and Microfin Tubes at Low Mass Velocities”, Proceedings of International Conference on Renewable Energy and Energy Efficiency, Bali, Indonesia 16-20 October 2011.

➤ TEACHING EXPERIENCE

- Teaching Assistant, Tehran University, Department of Mechanical Engineering
 - “Thermodynamics II”, Fall 2008 and 2009.
 - “Thermodynamics II”, Spring 2009 and 2010.
 - “Ordinary Differential Equation”, Fall 2008 and Spring 2009.
 - “Math I”, Fall 2008.
- Instructor, Tehran University, Department of Mechanical Engineering
 - “Thermodynamics Lab”, 2008-2010.
 - “Heat Transfer Lab”, 2008-2010.

➤ PROGRAMMING SKILLS

- Programming Knowledge with Fortran and EES
- In Depth, Practical Experience with COMSOL, MATLAB, Tecpolt, Solidwork, and M.s Office
- Familiar with Fluent, Gambit and Ansys

➤ LANGUAGE

- Farsi, English
